

Mrs. Majors' Animal Science

Work Update

June 3-June 12 2020

Animal Science Google Classroom Code: yjinjrh

This is it!!!! Our last week together digitally. Your assignment this week is to watch the video connected to this link:

<https://youtu.be/xYHdnln12yc>

If you do not have access to Youtube, then here are the take-aways from the video:

1. The last day to turn in **ANY** and **ALL** assignments in is **FRIDAY, JUNE 12.**
 - a. I'm willing to work with you and be flexible if you turn your assignments in to the office or on the buses. Let me know if you are having technical issues.
 - b. I've finally fixed my tech. problem, so I'll be updating my gradebook throughout the week.
2. If you are wanting the College Credit, please email me or message me on Google Classroom. Some already have done this (Thanks Gavin!). This week, I'll be sending you a video with a link and instructions with how to register for my class through Walla Walla Community College. If you need help in person, I will set a time where you can meet me at the high school and I can help you register.
3. Class offerings for next year. ***If you want to be in FFA, you need to be in one of my classes for AT LEAST 1 Semester***
 - a. Intro to Ag. (Previously named Ag. Leadership)
 - b. Natural Resources (Science with a Lab)
 - c. Animal Science (Science with a Lab, College Credit Available)
 - d. Intro to Ag. Mechanics
 - e. Ag. Mechanics 2, 3, 4 (College Credit will be Available, Must complete Intro to Ag. Mech.)
4. If you are selling an animal with the FFA Chapter, I will be staying in contact with you and helping you with forms, deadlines, and the sale.
5. Know that I miss you immensely and am looking forward to see you in September. Seniors: I wish you all the best that this life has to offer. Thank you for making my first year at Adna so wonderful. I truly am grateful that I had the opportunity to teach each of you. Have a happy and safe Summer!
