

Assignments for Mr. Penman :: Week of March 30, 2020 through April 3, 2020

## Biology

We are starting a new unit, Unit 7: Genetics and Heredity. Our assignments will be online at Google Classroom. I will also have vocabulary for Unit 7 ready to practice on Quizlet.com. Please practice your vocabulary as there will be a quiz online at Google Classroom on Friday for both the reading this week as well as the vocabulary. There will also be a small project due for the following Monday. (This project will also be posted on Google Classroom, but will not be visible until Wednesday, as it is more important to get the reading done before you start the project.)

Please communicate if internet access is an issue, and a hardcopy of assignments will be provided.

Period 1 Google Classroom Code: 5otdvft

Link: <https://classroom.google.com/c/NDI1MTEwMjYwODRa>

Period 2 Google Classroom Code: tyqwjub

Link: <https://classroom.google.com/c/NDI1MTEwMjYxMjJa>

Period 3 Google Classroom Code: wwrvpnf

Link: <https://classroom.google.com/c/NDI1MTAxOTMwMzZa>

Remember, to access the "Google Environment", simply go to gmail.com, log in with your Adna ID number (ex: [18334@adnaschools.org](mailto:18334@adnaschools.org); make sure to add the @adnaschools.org or it will not work), and you should be able to log into your email and Google Classroom. If you have any questions, please do not hesitate to contact me.
