HIGHLY CAPABLE EDUCATIONAL PROGRAM

Adna provides a Highly Capable program for qualified students. Students in grades kindergarten through twelfth are annually given a screening test (CogAT 7). Parents of students who qualify for further testing will be notified to obtain permission for evaluation.

In addition, teachers, parents or students can nominate a student for the program. Nomination forms are available from the principal. Multiple factors, including assessment data, are used to determine eligibility. A Highly Capable Program selection committee makes the final decision. If you have questions or need a nomination form, please contact your student’s principal.
