Inclement Weather Delays/Closure Information

The decisions to cancel or delay school because of poor weather or road conditions is made by the Superintendent, Maintenance Supervisor, and Transportation Supervisor. Generally a decision is made before 6:30 a.m. Information will be posted on the districts website and all major radio and television stations will be notified.

Parents and students can sign up for: Flash Alert (link can be accessed on the District's main web page www.adnaschools.org) or Skyalert which is accessed by logging on to your Skyward account. Both will provide text messages at the same time that the message is shared with the radio/TV audience.
