Comp Time

Any teacher directed by the administration to cover an absent employee’s class shall be paid at the standard daily sub pay and may cash out in in January or June. Comp time may be earned in 30 minute increments “a segment of time less than 30 minutes will not be considered as comp time. Example class coverage for 5 minutes.” Teachers may opt to accumulate compensation time for leave purposes instead of being paid.

A carryover of comp time into the next school year will be allowed under the following guidelines.

1. Teachers may carry over a maximum of 16 hours into the next school year.

2. Hours to be cashed out can only be in 3 hour (half day sub pay) or 6 hour (full day sub pay) increments. Hours to be cashed out must be turned into the District Office by December 30th (payment will be in January) June 30th (payment will be in July).

3. Time earned must be immediately approved by the building administrator and turned into the district office on a monthly basis or the time will be lost.

4. All comp-time other than classroom coverage during normal contracted hours must be pre-approved by building administrator.

Sick Leave

At the beginning of each school year, full-time contracted employees of the District shall be credited with twelve days sick leave. This leave may be used by the employee for absences caused by illness and/or injury to the employee or their immediate family, which shall be understood to include spouse, children, brothers, sisters, parents and/or other dependents. Sick leave may be used for medical appointments for the employee or their immediate family. Compensation for such leave shall be the same as the employee would have received had the employee not taken the leave. Upon return to duty the employee shall sign an absence report stating the reason for the absence. In cases of absence for reasons of illness or injury for a continuing period of more than five working days, the reason for the absence, upon request of the District, shall be certified by a licensed medical doctor. In cases of absence for reasons of illness or injury for a
continuing period of more than ten working days the District shall have the right of
having the employee verify the reason for the absence by a physician chosen by the
employee from a list of five prepared by the District. The doctor chosen may not be the
employee's regular physician.

The District shall have the right to require a letter from the attending physician or
licensed medical practitioner to the effect that the employee is in good health and ready
to resume his/her duties. The intent of this section is for the protection/safety of the
individual employee as well as his/her fellow workers and students. This section is not
intended to apply to normal absences (flu, illness, etc.), but is related to more
extraordinary circumstances which may involve, but not limited to: an injury to the head,
severe laceration, recovery from a serious operation, etc.

Physical disablement caused by maternity, childbirth, and recovery therefrom,
shall be considered as a form of illness for the purposes of this leave. Sick leave shall be
granted for the period of disablement as certified by a physician.

An employee who is unable to perform the duties assigned because of personal
illness, injury or maternity condition, may petition the board of directors for a leave of
absence without pay at the exhaustion of sick leave benefits. An employee who has been
granted leave may return to service during the period of the leave after giving ten (10)
days written notice to the superintendent and with written permission of the employee's
physician, provided that the position is not filled by someone contracted especially for the
period of leave requested for by the employee and who would have to be retained after
the employee's return at added cost to the District.

Sick Leave Buy-Back

The District agrees to adopt a policy for sick leave buy-back that will be in conformance
with State rules and regulations.

Emergency Leave

Up to one day of sick leave that may be used for emergency leave under
conditions described below. May be taken for a problem that has been suddenly
precipitated or is unplanned emergency leave or where preplanning could not relieve the
necessity for an employee's absence, including the death of a close personal friend. The
teacher shall notify the superintendent or his designee twenty-four (24) hours in advance
of the time the emergency leave is to be taken if at all possible. Emergency leave will not
be granted to more than two employees on the same day without prior approval of the
superintendent.
Personal Leave

A. Each employee covered by this agreement shall be entitled to two days of personal leave subject to the following:

1. Three days notice will be given to the building administrator. Teachers may request the building administrator to waive the three (3) days notice requirement for urgent matters requiring prompt attention.

2. The leave must not be used on the first or last day of a semester, during the first or last 5 days of the school year, during state-wide testing, or on a LID or school in-service day.

3. A substitute must be available

4. The employee shall not be required to state any more specific reason than “personal”.

5. Personal leave may be taken in one-half day increments.

B. Employees who do not use their personal days described above may choose to be compensated for two days at a rate of substitute pay at the end of the school year and/or may roll days into the next year to a maximum accumulation of 5 days of personal leave. Days accumulated in excess of 5 will be rolled over into sick leave the following school year. For cash out purposes, the district office must be notified of cash out request by June 30.

C. Personal leave is not deducted from sick leave.

Family Medical Leave

Nothing in this Section restricts a employee’s entitlements under the Federal Family and Medical Leave Act. Further information on the Family and Medical Leave Act can be found by contacting the Adna School District Business Manager.

Professional Leave

Certificated employees may petition the superintendent for up to two days of leave without loss of pay each year for attendance at subject area meetings and conferences designated for the professional growth of the teacher.
Bereavement Leave

Up to five (5) days of bereavement leave may be granted in case of death in the employee’s family. An employee’s family is defined as spouse or significant other, the direct blood relatives of the employee or his/her spouse or significant other, step relatives, in-laws and legal guardians. The District will consider individual requests for “close personal friends.” Bereavement leave for an employee’s family will not be charged against sick leave, however any bereavement leave requested and approved for “close personal friends” will be charged against sick leave.

Leave of Absence

An employee shall be entitled to petition the Board of Directors for a leave of absence without pay or benefits, for paternity and/or adoption, for professional study, rest and recuperation, extended travel, working in a professionally related field or for personal reasons. Such leaves shall normally be for a period of one year or less and shall expire on the date agreed upon.

While on leave the employee shall not receive experience credit on the salary schedule and no fringe benefits will accrue during that year.

An employee desiring professional leave must submit a written request to the superintendent prior to May 1 of the year for which the leave is desired. The request shall specify the reasons for which leave is requested and give specific plans and endeavors. (The above is not to be construed that the board must grant all leaves requested.)

Jury Duty

Leaves of absence with pay shall be granted for jury duty. Any compensation received for jury duty performed on contracted days shall be turned over to the district or donated to: a district curricular or extra-curricular program: Examples include but not limited to, Booster Club, PTO, specific club/sports team or individual classroom materials. Staff shall notify the district office within one week of notification to serve jury duty. The district reserves the right to make a request asking the courts to release an employee from this responsibility.

Subpoena Leave

A teacher may request a subpoena leave from the administration. Contracted work days missed for such approved leave will be deducted from an individual's salary as soon as feasible. If the court subpoena is related to events or actions arising out of the performance of his/her duties for the District, such time lost will not be deducted from said teacher's salary.
SECTION 6. TRANSFERS AND REDUCTION IN FORCE

In all reassignments or transfers of employees, the best interest of the District shall be controlling. The desires of the employee involved, employee competency, qualifications and certification, instructional and extra-curricular requirements, staff availability and written recommendations of principals and supervisors shall be other factors to be considered.

To assure current employees every consideration in filling any vacant or newly created instructional position, the following procedures shall be used:

1. All vacancies and new positions shall be publicized through a written notice posted in each District school building. Such posting shall be made at the same time such position is announced as open.

2. Said notice shall clearly set forth the qualification for the position.

3. All vacancies or new positions shall be filled on the basis of qualifications for the position.

4. Employees who desire a change in grade, subject and/or program assignment shall file a written statement of such desire with the superintendent. Such statement shall include the grade, subject and/or program to which the teacher wishes to be assigned.

5. An employee involved in a request for a new or vacant position will, upon request, be advised by the principal of the reason for their action.

Some involuntary assignments in a District the size of Adna will be unavoidable and when it becomes necessary the following factors shall be used:

1. The employee involved shall be advised of the reasons for the action by the principal.

2. Such assignments shall be made after careful consideration of program needs in the building, extra-curricular requirements, staff balance and legal or contractual requirements. Length of service in the school District will be considered when the preceding are equal when applied to two or more individuals.

When there is a change of assignment or transfer of employees with less than one full week's notice, employees at the secondary level will be given the option of either: a) half day paid at the substitute rate or b) a half day of release time per class change for
preparation. Each employee at the elementary level (self contained class) will be given the option of 2 days paid at the substitute rate or 2 days of released time.

Based upon information available at the time, building principals will have tentative schedules of fall teaching assignments available for dissemination to certificated staff under their supervision by the final contracted day for teachers in the Spring. When changes in teaching assignments are made during the Summer, teachers affected will be notified either in person or by mail as soon as practicable. Such notice shall include the nature of the change in assignment and the reason for the change.

A list of extra-curricular positions shall be provided to certificated staff prior to the close of school each year; said list to be of positions expected to be funded for the following school year. Any certificated staff member wishing to be considered for any extra-curricular position shall notify the superintendent in writing and include the position or positions for which they would like to be considered and their qualifications for the position(s). Such request will be kept on file for one year. If positions remain open at the beginning of the new school year a list of such positions shall be posted in each building.

**Reduction in Force and Recall**

The Board of Directors shall determine the educational program and services for the Adna School District No. 226, based upon the educational goals of the District and the financial resources available for the following school year. Prior to May 1 of each year, the Board shall as accurately as possible determine present financial status and enrollment and projected financial status and enrollment for the following year. All cash reserves will be planned for use excepting an amount equal to one month's expenditure (average) of the projected general fund budget.

In the event that funds projected for the following year are not sufficient, and the Board determines that the necessity exists to effect a reduction in staff for the ensuing fiscal year, the following procedures will be utilized. These procedures shall apply to all certificated employees of the District except the superintendent and those employees excluded from the Association bargaining unit.

A. General requirements will be determined by the superintendent on the following basis:

1. The funds available for the implementation of the instructional program determined by the Board.

2. The positions fundable and needed to operate the educational program determined by the Board.

3. A determination, of which, if any, staff members will not be
returning to the District in the following school year by reason of retirement, family transfer, resignation, leave, discharge for cause or nonrenewal for cause, will then be taken into account in determining whether additional reduction in certificated staff will be necessary.

B. Certificated staff to be retained by the District will be determined by the following criteria which shall be applied in the order in which it is listed.

1. Certification: A teacher shall possess an appropriate, valid Washington State certificate for the particular grade level and/or subject area being taught.

2. Preparation: A person must have the equivalent of a major or minor or be working toward a declared major or minor in the particular field in which the majority of his/her teaching time is devoted for a secondary position. At least seven quarter hours of college credit in the field of elementary reading, language arts (elementary), or children's literature, and at least one college course in at least three of the following areas: elementary mathematics, elementary science, elementary health, elementary social studies, elementary art, elementary music and physical education for a teaching position in the primary or intermediate grades. The requirements of college preparation shall be waived for any certified employee in a secondary position if he/she has taught in the particular field for the past three years, and for a certificated employee in the elementary area, if he/she has taught in an elementary position for the past three years.

3. Length of service: When more than one person qualified for a particular position under the criteria listed above, the teacher who has the greatest length of service as a teacher based on the criteria used by the District in determining placement on the salary schedule shall be given the position. If this be equal between two or more employees then the following will determine who shall be retained:

   a. Length of service in Washington

   b. Length of service in Adna

   c. Number of credits/clock hours earned beyond a B.A. as of October 1 of the current year.
4. Background: The ability of the employee to (1) handle classes in several programs or departments, (2) handle extra-curricular activities in addition to their teaching assignments.

5. If, after application of all the above, two or more employees are still qualified for a particular position, then retention will be determined by lottery drawing.

C. Recall

All certified personnel not retained as a result of layoff shall be placed in an employment pool for one year for possible recall. Employment pool personnel shall be given first opportunity to fill any position which becomes available for which they are qualified on the same basis as in section B, above.

It shall be the responsibility of each employee placed in the employment pool to notify the Board or its designee in writing between January 1 and January 31, of the period during which the employee is placed in the pool, if such employee wishes to remain in the employment pool for the balance of the one year period. If such notification is not received, the name of any such employee may be dropped from the employment pool.

When an opening occurs for which persons in the employment pool qualify, notification from the Board to such individual shall be by certified mail or by personal delivery. Such individual shall have five (5) calendar days from the receipt of the written offer to accept the position. If an individual fails to accept the position offered, such individual shall be dropped from the employment pool. The District shall utilize employment pool personnel as substitutes on a first priority basis to the extent they are available and qualified.

D. Emergency Action

In the event that procedures provided in this section have not been completed prior to May 8, the District may, nevertheless, in order to meet statutory requirements, notify those employees it deems necessary that they may be non-renewed and/or adversely affected in contract status pursuant to law. However, before final action or any non-renewal under this reduction in force is taken, other than initial notice of possible or probable non-renewal, the procedures provided in this section shall be followed.

SECTION 7. GRIEVANCE PROCEDURE

In the event that a certificated employee or the Association claims there has been a violation or misinterpretation of a provision which forms part of this collective
bargaining agreement; excepting teacher evaluation, the following steps may be taken by said employee: (A grievant may be a teacher, teachers, or the Association.)

1. The grievant shall first discuss the claim of violation of the agreement with his/her building principal. If the alleged problem is not resolved the following formal procedure will be followed.

2. Formal procedure for resolving alleged violations or misinterpretations of the collective bargaining agreement.
   a. During each step of the formal procedure the grievance must be reduced to writing. The written statement must contain the following:
      1. The specific section of the collective bargaining agreement allegedly violated.
      2. When this alleged violation occurred.
      3. In what way there has been a violation, misinterpretation or misapplication of this agreement.
      4. The results of the previous step in the grievance procedure and why such results were unsatisfactory.
      5. The name or names of the aggrieved person or persons, or the Association, the manner in which they have been injured and the proposed remedy or remedies for resolution of the grievance.

b. No grievance shall be entertained or processed unless it is filed within the time limits set forth herein.

c. The grievant instituting formal grievance procedures will first again try to seek resolution with the principal. The written grievance shall be submitted to the principal within fourteen calendar days after the facts upon which the grievance was based become known to the grievant. Within seven (7) calendar days of the receipt of the written grievance, the principal shall meet again with the grievant in an effort to resolve the grievance. The principal shall then indicate his/her disposition of the grievance in writing within seven (7) calendar days.

d. If the grievance is still not resolved, the grievant must submit his/her grievance to the superintendent in writing within fourteen...
(14) calendar days after the receipt of the written reply from the principal. The superintendent shall review the grievance, arrange for necessary discussions, and give a written answer to the grievant no later than fourteen (14) calendar days after receipt of the written grievance.

e. Grievances not settled in paragraph (2d) above may be appealed to the School Board at their next regular meeting provided:

1. Written notice of a request for such appeal is made to the Board Clerk within fourteen (14) calendar days upon receipt of the answer in paragraph (2d), above.

2. The issue must involve the interpretation or meaning of a specific provision(s) of the Agreement.

3. Within fourteen (14) calendar days the Board shall indicate their disposition of the grievance in writing to the grievant.

3. Grievances regarding teacher evaluation are not included in this procedure.

4. If the alleged grievance is not resolved at the final step above in paragraph (2e), the grievant may, but not later than five (5) calendar days after the written decision of the Board, request in writing that the Association submit the alleged grievance to arbitration. If the Association, through its governing counsel, determines that the grievance will be submitted to arbitration, the Association, after written notice to the superintendent, and within ten (10) calendar days after receipt of the Board's determination, may request that the grievance be submitted to arbitration. The arbitrator shall be selected jointly by the two parties from the American Arbitration Association register in accord with its rules, which rules shall likewise govern the arbitration proceeding. The decision of the arbitrator shall be final and binding on both parties. Each party shall bear its own costs of arbitration except that the fees and charges of the arbitrator shall be paid by the loser.

5. Authority by Arbitrator Any issue of procedural arbitrability will be resolved prior to and separate from arbitration on the merits of the grievance. Any issue of substance arbitrability will be resolved in Lewis County Superior Court. In addition:
a. The arbitrator shall have no power to add to, subtract from, disregard or modify the terms and provisions of this agreement.

b. The arbitrator shall have no power or authority to make any decision which requires the commission to an act prohibited by law.

6. **Time Limit Extension** Time limits provided in this procedure may be extended by mutual agreement when signed by both parties.

**SECTION 8. SALARY AND RELATED DOCUMENTS.** See Appendix A

**SECTION 9. EVALUATION.** See Appendix C.

**SECTION 10. WAIVER PROCEDURES**

For the purposes of this section:

(a) “BA” means a baccalaureate degree.

The District and AEA agree to evaluate all certificated classroom teachers from across all school buildings using the criteria stipulated in ESSB6696 under the following conditions:

Preamble-

An evaluation system for teachers per RCW 28A.405.110 has the following elements, goals, and objectives:

1. An evaluation system must be meaningful, helpful, and objective;
2. An evaluation system must encourage improvements in teaching skills, techniques and abilities by identifying areas needing improvement;
3. An evaluation system must provide a mechanism to make meaningful distinctions among teachers and to acknowledge, recognize and encourage superior teaching performance; and
4. An evaluation system must encourage respect in the evaluation process by the persons conducting the evaluations and the persons subject to the evaluations through recognizing the importance of objective standards and minimizing subjectivity.

The purposes of evaluations per WAC 392-191-025 of certificated classroom teachers and certificated support personnel shall be at a minimum:

1. To identify in consultation with classroom teacher and certificated support personnel observed, particular areas in which their professional performance is satisfactory or outstanding, and particular areas in which the classroom teacher or support person need to improve his or her performance.
2. To assist classroom teachers and certificated support personnel, who have identified areas needing improvement, in making those improvements.
3. To identify classroom teachers or certificated support personnel whose professional performance is unsatisfactory and for whom remediation is needed.

Section 10.1 Evaluation Periods

10.1.1 New employees shall be observed in the performance of their work assignment (classroom teaching or similar assignment) for the purpose of evaluation at least two (2) times during the first year of employment. The first observation and evaluation shall be made within the first ninety (90) calendar days of employment. The second shall be made before May 15th of each school year. Total observation time for each employee for each school year shall be not less than sixty (60) minutes.

A teacher in the third year of provisional status as defined in RCW 28A.405.220 shall be observed at least three times in the performance of his or her duties and shall be provided with a written evaluation at least once per year. Such evaluation shall be completed prior to May 15th of each school year and the total observation time for the school year shall not be less than ninety (90) minutes.
All other employees shall be formally observed for the purpose of evaluation at least twice per year and shall be provided with a written evaluation at least once per year. Such evaluation shall be completed prior to May 15th of each school year.

Total observation time for each employee for each school year shall be not less than sixty (60) minutes.

Each of the described observation shall be made by the principal or his or her designee. Following each observation, or series of observations the evaluator shall promptly, within 10 working days, document the results of the observation in writing, and shall provide the teacher with a copy thereof within three days after such report is prepared.

10.1.2 Each employee within thirty (30) days of his/her employment or within thirty (30) days from the commencement of the school year, whichever is later, shall be given a copy of the evaluation form to be used and shall be apprised of the specific criteria upon which he/she will be evaluated.

10.1.3 Each classroom teacher shall have the opportunity for confidential conferences with his or her immediate supervisor on no less than two occasions in each school year. Such confidential conference shall have as its sole purpose the aiding of the administrator in his or her assessment of the employee’s professional performance.

10.1.4 No comments or assessments resulting from a patron complaint shall be part of the evaluation of an employee unless the staff member has been offered the opportunity to meet with the patron, the supervising administrator has investigated the allegations as to fact and the employee has been afforded the time to respond orally or in writing.

10.1.5 Teachers maybe assigned to classes other than in their areas of endorsement. If teachers are so assigned, such teachers shall not be subject to nonrenewal or probation based on evaluations of their teaching effectiveness in the out-of-endorsement assignments.

10.1.6 Should the employee desire, he/she may attach written comments to the written evaluation, provided they are received by the evaluator within seven (7) days of the evaluative conference.

10.1.7 Files pertaining to an employee kept by supervisory personnel, shall be purged at the end of each contract year unless forwarded to the employee’s personnel file at the district office.

Section 10.2 Procedures for Evaluation of Classroom Teachers

10.2.1 The evaluative criteria must contain as a minimum the criteria established by the superintendent of public instruction. These criteria shall be revised upon any revisions made by OSPI. The minimum criteria shall include:

1. Centering instruction on high expectations for student achievement;
2. Demonstrating effective teaching practices;
3. Recognizing individual student learning needs and developing strategies to address those needs;
4. Providing clear and intentional focus on subject matter content and curriculum;
5. Fostering and managing a safe, positive learning environment;

6. Using multiple student data elements to modify instruction and improve student learning;

7. Communicating and collaborating with parents and the school community; and

8. Exhibiting collaborative and collegial practices focused on improving instructional practice and student learning.

10.2.2 The evaluation shall include an assessment of the criterion using the instructional framework rubrics and the Superintendent of Public Instructions Student Growth Rubrics. More than one measure of student growth data must be used.

10.2.3 A four-level rating system shall be used to evaluate the certificated classroom teacher. The summative performance ratings shall be as follows:
   a. Level 1 – Unsatisfactory
   b. Level 2 – Basic
   c. Level 3 – Proficient
   d. Level 4 – Distinguished

The Superintendent of Public Instruction may amend/revise these ratings, and the revised ratings shall be adopted by the district.

10.2.4 A Classroom teacher shall receive one of the four summative performance ratings for each of the minimum criteria in 10.2.1 of the Article and one of the four summative performance ratings for the evaluation as a whole, which shall be the comprehensive summative evaluation performance rating.

10.2.5 The following categories of classroom teachers shall receive an annual comprehensive summative evaluation:
   a. Classroom teachers who are provisional employees under RCW 28A.405.220;
   b. Any classroom teacher who received a comprehensive summative evaluation performance rating of level 1 or level 2 in the previous school year;
   c. All classroom teachers shall receive a comprehensive summative evaluation at least once every four years. A comprehensive summative evaluation assesses all eight evaluation criteria and all criteria contribute to the comprehensive summative evaluation performance rating.

Section 10.3 Focused Evaluation Procedure
In years when a comprehensive summative evaluation is not required, classroom teachers who received a comprehensive summative evaluation rating of level 3 or above in the previous school year are required to complete a focused evaluation.
   a. One of the eight criteria for certificated classroom teachers must be assessed in every year that a comprehensive evaluation is not required.
   b. The selected criteria must be approved by the teacher’s evaluator and may have been identified in the previous comprehensive summative evaluation as benefiting from additional attention.
   c. The evaluation must include an assessment of the criterion using the instruction framework rubrics and the superintendent of public instruction’s approved student growth rubrics. More than one measure of student growth data must be used in scoring the student growth rubrics.
   d. The focused evaluation will include the student growth rubrics of the selected criterion. If criterion 3, 6, or 8 is selected, evaluators will use those student growth rubrics. If criterion 1, 2, 4, 5, or 7 is selected, evaluators will use either criterion 3 or 6 student growth rubrics.
   e. The summative score is determined through the scoring of the instructional and student growth rubrics for the criterion selected.
f. A group of teachers may focus on the same evaluation criteria and share professional growth activities. The comprehensive evaluation process shall be followed at least once every four years. The focused evaluation process may not be used as a basis for determining that an employee’s work is unsatisfactory, or as probable cause for the non-renewal of an employee’s contract. Either the employee or the supervisor may choose to use the comprehensive evaluation process in any given school year. When the focused evaluation is used, the following statement shall be typed on the evaluation/observation form used and initialed by the employee and supervisor.

**Section 10.4 Student Growth Data**

10.4.1 Student growth data must be a substantial factor in evaluating the summative performance of certificated classroom teachers as directed, required and defined by the Office of the Superintendent of Public Instruction. As used in this subsection, “student growth” means the change in student achievement between two points in time.

10.4.2 The evaluator’s determination of proficiency level ratings must be based on multiple measures that can include classroom-based, school-based, district-based, and state-based tools.

10.4.3 Student growth data elements may include the teacher’s performance as a member of a grade-level, subject matter, or other instructional team within a school when the use of this data is relevant and appropriate. Student growth data elements may also include the teacher’s performance as a member of the overall instructional team of a school when use of this data is relevant and appropriate.

10.4.4 An overall student growth score shall be generated for each teacher following the rules and procedures issued by the OSPI and as they may be revised from time to time. Ratings will be “low”, “average” or “high” as defined by OSPI.

   a. The evaluations of teachers with a preliminary rating of unsatisfactory and a high student growth rating will be reviewed by the evaluator’s supervisor.

   b. Teachers with a preliminary rating of distinguished with an average or high student growth rating will receive an overall distinguished rating and will be formally recognized and/or rewarded.

   c. A classroom teacher with a preliminary evaluation rating of Distinguished with a Low student growth rating will receive an overall summative Proficient rating.

10.4.5 Certificated classroom teachers with a low student growth rating will engage in a student growth inquiry pursuant to WAC 392-191A-100. Within two months of the teacher receiving the low student growth score of at the beginning of the following school year, whichever is later, one of more of the following must be initiated by the evaluator:

   a. Examine student growth data in conjunction with other evidence including observation, artifacts, and other student and teacher information based on appropriate classroom, school, district, and state-based tools and practices and/or,

   b. Examine extenuating circumstances which may include one or more of the following: goal setting process; content and expectations; student attendance; extent to which curriculum, standards, and assessment are aligned and/or;

   c. Schedule monthly conferences focused on improving student growth to include one or more of the following topics: student growth goal revisions, refinement, and progress; best practices related to instructional areas in need of attention; best practices related to student growth data collection and interpretations and/or;

   d. Create and implement a professional development plan to address student growth areas.
Section 10.5 Probationary Guidelines

10.5.1 At any time after October 15th, an employee whose work is judged unsatisfactory based on the district evaluation criteria shall be notified in writing of the specific areas of deficiencies along with a reasonable program for improvement. During the period of probation, the employee shall not be transferred from the supervision of the original evaluator. Improvement of performance or probable cause for nonrenewal must occur and be documented by the original evaluator before any consideration of a request for transfer or reassignments contemplated by either the individual or the school district. A probationary period of sixty school days shall be established. Days may be added if deemed necessary to complete a program for improvement and evaluate the probationer’s performance, as long as the probationary period is concluded before May 15th of the same school year. The probationary period may be extended into the following school year if the probationer has five or more years of teaching experience and has a comprehensive summative evaluation performance rating as of May 15th of less than level 2.

The following comprehensive summative evaluation performance ratings mean a classroom teacher’s work is not judged satisfactory:

a. Level 1; or
b. Level 2, if the classroom teacher is a continuing contract employee under RCW 28A.405.210 with more than five years of teaching experience, and if the level 2 comprehensive summative evaluation performance rating has been received for two consecutive years or for two years within a consecutive three-year period.

During the probationary period the evaluator shall meet with the employee at least twice monthly to supervise and to make a written evaluation of the progress, if any made by the employee. The evaluator may authorize one additional certificated employee to evaluate the probationer and to aid the employee in improving his or her areas of deficiency.

a. Should the evaluator not authorize such additional evaluator, the probationer may request that an additional certificated employee evaluator become part of the probationary process and this request must be implemented by including an additional experienced evaluator assigned by the educational service district in which the school district is located and selected from a list of evaluation specialists compiled by the educational service district.

b. Such additional certificated employee shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation.

10.5.2 The establishment of probationary period does not adversely affect the contract status of an employee within the meaning of RCW 28A.405.300. The purpose of the probationary period is to give the employee opportunity to demonstrate improvements in his or her areas of deficiency.

10.5.3 The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval.

10.5.4 If a procedural error occurs in the implementation of a program for improvement, the error does not invalidate the probationer’s plan for improvement or evaluation activities unless the error materially affect the effectiveness of the plan or the ability to evaluate the probationer’s performance.

The probationer may be removed from probation if he/she has demonstrated improvement to the satisfaction of the principal in those areas specifically detailed in his/her initial notice of deficiency and subsequently detailed in his/her improvement program.
Lack of necessary improvement during the established probationary period, as specifically documented in writing with notification to the probationer shall constitute grounds for finding probable cause.

10.5.5 If the employee has failed to make the necessary improvement as detailed in the prior written notice, non-renewal may be considered.
   a. If such improvement has not taken place, the superintendent may make a determination of probable cause for non-renewal of contract.
   b. Such cause is limited to matters identified in connection with the probationary procedures and notice.
   c. If probable cause for non-renewal action is found, the employee has ten (10) days after receiving written notice of probable cause to request a hearing.

10.5.6 If a hearing is requested, the following procedures are applicable:
   a. An agreed-upon hearing officer shall be jointly appointed by nominees of the school board and the employee. In case of a dispute, the presiding judge of the superior court in the county in which the district is located will appoint a hearing officer. The hearing officer shall be a member in good standing of the Washington State Bar association.
   b. The employee is entitled to all of the pre-hearing discovery methods available in superior court, e.g., subpoenas, depositions, etc.
   c. The hearing officer presides at the hearing and rules as to the admissibility of evidence under the same rules applicable in superior court.
   d. The final decision shall be determined by the presiding hearing officer.
   e. Any final decision shall be based solely upon the cause stated in the probable cause notice and established by a preponderance of the evidence at the hearing.

Section 10.6 Notice of Discharge, Removal from Assignment

10.6.1 When a continuing contract employee with five or more years of experience receives a comprehensive summative evaluation performance rating below level 2 for two consecutive years, the school district shall, within ten days of completion of the second summative comprehensive evaluation or May 15th, whichever occurs first, implement the employee notification of discharge as provided in RCW 28A.405.300.

10.6.2 Immediately following the completion of a probationary period that does not result in the required comprehensive summative evaluation performance ratings specified in 10.2.3 of the section, the employee may be removed from his or her assignment and placed into an alternative assignment for the remainder of the school year. This reassignment may not displace another employee nor may it adversely affect the probationary employee’s compensation or benefits for the remainder of the employee’s contract year. If such reassignment is not possible, the district may, at its option, place the employee on paid leave for the balance of the contract term.
Section 10.7 Exceptions

The above procedures are not applicable to a “provisional employee,” which term is defined in RCW 28A.405.220. Employees are provisional during the first three years of employment in the district, unless: (a) The employee has previously completed at least two years of certificated employment in another school district in the state of Washington, in which case the employee shall be subject to non-renewal of employment contract pursuant to this section during the first year of employment with the new district; or (b) the employee has received an evaluation rating below level 2 on the four-level rating system during the third year of employment, in which case the employee shall remain subject to the non-renewal of the employment contract until the employee receives a level 2 rating; or (c) the school district superintendent may make a determination to remove an employee from provisional status if the employee has received one of the top two evaluation ratings during the second year of employment by the district. Such employees must be evaluated in the same manner as the other certificated employees and are entitled to notice of non-renewal of contract by May 15th. Provisional employees are not, however, entitled to a board hearing or to a court appeal.

Section 10.8 Evaluation Report Forms

All employees’ evaluations shall be made on an electronic Eval System or the district’s Evaluation Report forms (draft samples attached).

FOCUSED EVALUATION IS MEANT FOR PROFICIENT AND DISTINGUISHED EDUCATORS AND ITS PURPOSE IS TO SUPPORT PROFESSIONAL GROWTH.

- If a non-provisional teacher has received a “satisfactory” on his/her last four evaluations, or a “proficient” or “distinguished” once they have transitioned to the new system, the teacher is eligible for a focused evaluation three out of every four years. Focused evaluations will use the same form as the comprehensive evaluation form.

- One of the eight criteria must be assessed in every year that a comprehensive is not required.

- The final criterion score will be considered the final summative score.

- Focused evaluation option 1: The focused evaluation will include the student growth rubrics of the selected criterion 3, 6, or 8. Evaluators will use the accompanying student growth rubrics.

- Focused evaluation option 2: The focused evaluation will include selected criterion 1, 2, 4, 5, or 7. Evaluators will use criterion 3 or 6 student growth rubrics.

While there is no student growth impact rating, a rating of “1” on any student growth rubric row triggers a student growth inquiry.
